Our Services

Mortgages

We are independent mortgage advisers and we will recommend a mortgage product that is suitable for you following an assessment of your personal needs and circumstances. This will include a detailed assessment of affordability.

We will consider all products and lenders that we have access to. This means we will not consider those lenders that are only available by you going direct to them.

Where you are increasing your borrowing we will consider the merits of both a new first charge mortgage and securing this by an additional mortgage on a second charge basis. You may have the option of a further advance from your existing lender, however, we will only consider this where we are able to deal directly with the lender on your behalf.

It may be in your best interests to explore this option and look at the further alternative of an unsecured loan, as these may be more appropriate for you.

Insurances

Non-investment protection contracts - we are an intermediary and will act on your behalf when providing advice and making our personal recommendation(s) to you. We will do this based on a fair and personal analysis of insurers for term assurance, income protection, critical illness.

General Insurance Contracts - we offer private medical insurance products from a range of *providers*. We will provide you with advice and arrange the contract on your behalf after we have assessed your demands and needs for a particular type of insurance
